| Oct 7    | **Dr. Achala KC**, Assistant Professor, Tree fruits and wine grapes pathology  
            Oregon State University - Southern Oregon Research and Extension Center  
            Title: *Tree fruits and wine grapes pathology program at OSU-Southern Oregon  
            Research and Extension Center (SOREC)*                                |
| Oct 14   | **Bonnie Templeton Lecture**                                         
            **Dr. Tanya Renner**, Assistant Professor, Department of Entomology, Penn State  
            University  
            Title: *Reduce, Reuse, Recycle: Whole Genome Evolution, Gene Co-option, and  
            Convergence Among the Carnivorous Plants*                             |
| Oct 21   | **Dr. Marin Talbot Brewer**, Associate Professor, Department of Plant Pathology, Fungal  
            Biology Group, University of Georgia  
            Title: *Antifungal resistance in the plant-associated human pathogen Aspergillus  
            fumigatus is driven by fungicide use in the environment*              |
| Oct 28   | **Dr. David Rasmussen**, Assistant Professor, Department of Entomology and Plant  
            Pathology, Bioinformatics Research Center, North Carolina State University  
            Title: *Exploring fitness tradeoffs between hosts and across scales using pathogen  
            genomic data*                                                        |
| Nov 4    | TIME CHANGE: 11am  
            **Dr. Annis Richardson**, Lecturer in Molecular Crop Science, Institute of Molecular Plant  
            Sciences, University of Edinburgh  
            Title: *How Do Grasses Grow?*                                          
            Please note change of time: the seminar will be from 11am-11:50am; the meeting with  
            students and faculty will be from 12pm-1pm.                         |
| Nov 11   | No Seminar – Veterans Day Holiday                                     |
| Nov 18   | **Dr. Peter W. Fritsch**, Vice President of Research and Director of the Herbarium,  
            Botanical Research Institute of Texas (BRIT)  
            Title: *Evolution and species diversity in the wild blueberries (tribe Vaccinieae)*   |
| Dec 2    | **Dr. Simon Gilroy**, Professor, Department of Botany, University of Wisconsin-Madison  
            Title: *To Boldly Grow: Plant Biology on the International Space Station*   |
